

DATE: Continuous until end of applicable lease or agreement

FROM: Ascension, Ascension Health and its subsidiaries

SUBJECT: Property Commercial Coverage

This letter is being provided in lieu of a certificate of insurance for property commercial coverage.

Ascension, Ascension Health and its subsidiaries maintain a comprehensive program of insurance to protect their company interests as required by the terms of the signed leases and/or agreements with vendors, clients, landlords, landlord agent(s), landlord lender(s), ground lessor(s), and other parties with whom they may contract. Their signed leases and/or agreements allow them the option to insure the risk of property loss and they have chosen to take that option.

Coverage for all property exposures are outlined in the signed lease and/or agreement and they are obligated to provide such coverage per the limits outlined in the signed lease and/or agreement as they apply per the policy terms and conditions.

Ascension no longer issues individualized Certificates of Coverage as these customized documents will not strengthen the coverage. The existence of the signed lease and/or agreement triggers protection under the commercial property program. Please accept this letter as evidence of insurance and apply it to all Ascension commitments with similar terms.

Please forward this letter to any party that may require the information as part of a signed lease and/or agreement with Ascension.

Sincerely,

Ascension
Risk Management Department
