## Now There is a Good Day Ascension Mobile App!

You can now get Good Day Ascension anytime, anywhere through a mobile app! Enjoy our integrated health ministry's daily "online newspaper" on your phone or tablet and read about associate achievements, patient

successes, best practices and innovations, all building our spirit of One Ascension.

The Good Day Ascension mobile app is available for both Android and iOS devices. The app features the same articles and reflections as the Good Day Ascension website – without having to be connected to the Ascension network.

To access the Good Day Ascension app, you must have signed up for MDM, which is how you access your Ascension email via your personal phone or tablet. If you do not currently receive work email on your device, you will need to read the MDM Sign-Up Walkthrough beginning on page 3 of this document.

## Once you have MDM, here are the steps to download the Good Day Ascension app:

1) Locate the Worx app on your device.

 Open the Worx app and then select the Worx Store located within the Worx app.

3) Install the Good Day Ascension app located in the Worx Store.

4) Once the app is downloaded, this icon will appear with your apps. Open it to view Good Day Ascension.

If you have any feedback or questions about the new app, please send them to <u>GoodDay@ascension.org</u> or <u>Nick.Ragone@Ascension.org</u>.

## Appendix – MDM Sign-Up Walkthrough

## Mobile Device Management (MDM) Sign-Up Walkthrough

Below are the steps for Ascension associates to receive email on their smart phones and tablets. While most devices that support Active Sync connections are able to use this new management tool, there are some types of devices that will not be able to meet our security and will be unable to establish a connection.

- 1. Browse to this website: <u>https://mdm.ascensionhealth.org/</u>. Log in by selecting your network domain from the drop-down. Use only your username in the username field. Do not include your domain in front of it.
- 2. Review the MDM acknowledgement terms and conditions, and proceed to the MDM request page if agreeable.

I acknowledge the following:						
<ul> <li>I have read the Mobile Device Management Acknowledgment.</li> <li>Access to Ascension Health/Health Ministry email and other networked systems via a mobile device must be approved by Ascension Information Services (AIS).</li> <li>No jailbroken (Apple) or rooted (Android) devices may be used.</li> <li>I am required to set a password of at least 4 characters and an activity timeout will be applied automatically to my mobile device.</li> <li>The physical security of a mobile device that contains Ascension Health/Health Ministry data is my responsibility.</li> <li>I am prohibited from doing anything to circumvent applied security controls, and understand that circumvention will result in the immediate disconnection of my device from the Ascension Health/Health Ministry data is my responsibility.</li> <li>Passwords may not be stored in clear text on the device file system.</li> <li>Mobile devices that contain Ascension Health/Health Ministry data must use authentication, encryption, and/or other security controls whenever technically feasible.</li> <li>Encryption of Ascension Health / Health Ministry data is required during transmission over a public network and when data is stored on the device.</li> <li>If I lose a device, I am required to report it as lost or stolen immediately.</li> <li>Any device that is no longer used for the purpose requested (lost, stolen, retired or replaced) must have all residual Ascension Health/Health Ministry data will be wiped remotely, which may also remove all data including personal files, pictures, music, videos, programs, an contact information.</li> <li>The owner of the device remains responsible for repairs, replacement, or data recovery (e.g., data, pictures, music files, software applications, etc.) on personally owned devices.</li> </ul>						
As the mobile device environment changes, additional security requirements may be added.

	Clicking "Submit Form" signifies acce	eptance of the MDM Acknowledge	ment			

5. After the form is submitted, an acknowledgement message appears. Close the window.

SCENSION Information Services
Thank You!
Your request has been submitted. Please allow up to three business days for your request to be completed.
Click here to return to the Home Page.
Close Window

6. Shortly after submission, you will receive an automated email confirmation for the request.

7. AIS Management will receive an email to approve your request. Once your request is approved and configured in the email system, you will receive an automated email from the MDM system that includes customized instructions for setting up email on your particular device.
